

Lantern Pendant

1. Run wires up through drop assembly (A) and out through top of canopy.

2. Attach drop assembly to fixture body (B).

3. Secure mounting bracket (C) to j-box (D) using included steel screws (E).

4. Splice wires using included wire nuts.

5. Attach fixture to mounting bracket using brass screws (F).

6. Install included LED bulb (G).

7. Secure glass shade (H) using thumb screws (I). Do not overtighten screws, as this may cause the glass to crack.
