

LANTERN STACK

Sculptural forms are stacked along a hand-finished tube running from floor to ceiling, with a central light source providing a soft, organic glow which accentuates the inherent texture of the fiberglass material. The outlines of the forms are punctuated by an aestheticized interpretation of rivets.

Materials

Fiberglass
Steel
Brass
Acrylic

Standard Finishes

Antique Nickel
Tinted Fiberglass

Dimensions

72" H x 14" D x 14" W
Overall height to order - minimum 80"
