

DIMPLE LIGHT

Explores the idea of dependency and support in both an emotional and physical sense, represented in this piece by the inherent material qualities of glass, metal and marble. While the glass is still hot and in the hand blowing stage, an impression is made in the glass oviform, allowing the carved marble sphere to nestle in the resulting dimple. The assemblage rests on a metal cube with an antique brass finish.

Materials

Glass
Brass
Steel
Aluminum
Marble

Standard Finishes

White Frosted Glass
Antique Brass
Honed Marble

Dimensions

~10" W x ~12" H x ~15" D
